**Goethe's Tale: Thinking in Images**

It is often called "The Green Snake and the Beautiful Lily," but Goethe himself inscribed it simply THE TALE. He received it from the heavenly cultus in which the Archangel Michael was preparing human souls to find Anthroposophy in their coming destinies on earth. It can offer us a schooling in picture language. More, we ourselves can join in the events it reveals.

**'The Heart and Blood Circulation in Relation to the Seven Life Processes, the Mystery of Golgotha and the Christian Mysteries.'**

"In this workshop we will explore the unique place of the human heart as the bridge between the earth and the cosmos. The evolutionary background of the heart will be placed in relation to the pre-earthly deeds of Christ.

We will also explore how the relationship between 'heart-consciousness' and 'head-consciousness' is evolving in the present age of Michael. These aspects will be presented in the wider context of the character and challenges of the New Christian Mysteries, as mysteries of initiative and karma, and of health and illness."

*Our life is an apprenticeship to the truth....No facts to me are sacred; none are profane; I simply experiment, an endless seeker...the coming only is sacred. Nothing is secure but life, transition, the emerging spirit. - R.W. Emerson*
